

Hong Kong Maritime Week 2019

The fourth edition of Hong Kong Maritime Week (HKMW), organised by the Hong Kong Maritime and Port Board with the Hong Kong Shipowners Association and the Hong Kong Maritime Museum as the co-organisers, and the Hong Kong Trade Development Council and Invest Hong Kong as the partners, will be held from 17 to 23 November – promising to be vibrant as ever, and full of exciting activities.

Since its launch in 2016, the HKMW has become a signature maritime event in the region, thanks to the enthusiastic participation and staunch support of the industry and the community. Last year, the event drew a total attendance of some 14,000 industry representatives from Hong Kong, Mainland and overseas, as well as students, youths and general public. This year, the Hong Kong Maritime and Port Board once again showcases a series of diversified maritime activities to the industry and general public.

HKMW 2019 will encompass about 50 activities, including conferences, forums and seminars, corporate activities and ceremonies, visits, competitions, exhibitions and family fun day to be staged by more than 50 local and overseas industry and professional associations, such as Capital Link, DNV GL, Lloyd's List, Mare Forum, Maritime CEO, Port of Hamburg, and many more. This round of the week-long events cover eight themes, including ship finance, ship management, marine insurance, maritime law and arbitration, maritime technology, port and logistics, education and career, and shipping and maritime.

Through intensive and multifarious maritime activities, HKMW hopes to raise public awareness of the economic contribution made by the port and maritime sectors, enhance young people's understanding of the maritime industry to attract them to pursue a career in the industry, and to promote Hong Kong as a preferred base for operating maritime businesses.

HKMW 2019 will start with the fun-filled Orienteering Race on 17 November, followed by the official opening ceremony to be held on 18 November. Right after the opening ceremony, HKMW will bring in the inaugural “Capital Link Hong Kong Maritime Forum”. Capital Link regularly hosts a variety of large-scale international maritime forums in New York, London, Athens, Shanghai, Singapore, Tokyo, etc. This will be the first time for Capital Link to host the Hong Kong Maritime Forum, and maritime professionals are invited to share their insights and exchange their views on ship finance, ship management and other current topical issues in the maritime sector.
